Welcome to North Adelaide Healthcare

We are a private billing boutique GP clinic offering quality care for families across North Adelaide.

Your Local Family GP

Conveniently situated on Melbourne Street, North Adelaide Healthcare is one of Adelaide's premier general medical practices. With a focus on family care, we offer a personalised approach for patients of all ages. Our aim is to provide comprehensive, high-quality medical care for the local community while always taking the time to listen to our patients. You can expect longer appointments, a compassionate approach, and tailored treatments that suit you. Our experienced physicians offer a range of general medical services and cosmetic treatments to help families achieve optimal health. Whilst we treat a range of conditions, we do not prescribe any drugs of dependence including any opioids, sedatives, benzodiazepines or other commonly misused drugs.

For quality care from a GP that listens, choose North Adelaide Healthcare.

General Practice

At North Adelaide Healthcare, we offer a variety of general medical services, including second opinions. Our founder and lead doctor Dr Stephen Hedges has over 30 years' experience as a trusted GP.

Cosmetic Treatment

Through his specialist cosmetic clinic, [North Adelaide Skincare](#), Dr Hedges offers a variety of cosmetic, medical, and paramedical services and treatments.

About North Adelaide Healthcare

We know how important it is for patients to feel comfortable with their GP. As your primary source of medical information, advice, and support across all stages of your life, your GP should be accessible, trustworthy, and reliable. We want every one of our patients to feel this way about North Adelaide Healthcare.

That's why we adopt a thorough and personalised approach to care, ensuring that you have a trusted family doctor to call whenever you need one. Led by the experienced Dr Stephen Hedges, we value good old-fashioned service and quality time.

* In addition to being a private billing clinic, that we also offer some bulk billing consultations for shorter appointments such as repeat scripts, referral letters or giving straightforward results. These are usually less than 10 minutes. Any longer or standard appointments will be subject to our usual fees.

Whether you have a specific concern, are looking for a second opinion, or just want to book a check-up, we're here to help. To experience the difference of family-first healthcare for yourself, contact North Adelaide Healthcare today.

About Us

About North Adelaide Healthcare

Developing a relationship with your GP builds trust, open communication, and mutual understanding. Not only does this lead to better health outcomes, but it also allows for the enhanced management of ongoing medical conditions. At North Adelaide Healthcare, we want local residents to trust our clinic as their go-to doctor.

We are a boutique GP practice offering highly personalised medical care for patients of all ages. Our range of medical services combined with our patient-first approach means your GP will always listen, always have time, and will always truly care. Whether you're looking for a regular GP that your family can rely on or an experienced doctor for a second opinion, we're here to help.

Meet Your GP- Dr Stephen Hedges

Dr Stephen Hedges (BMBS, FRACGP) has been practising medicine for over 30 years. After graduating from Flinders University in 1990, he spent his first five years completing specialist training in Internal Medicine and Surgery across Metropolitan hospitals. Dr Hedges loves to help people in his private practice and has a particular interest in complex medical problems, personal injury, motor vehicle accidents, work injuries, and cosmetic medicine.

Dr Hedges has now moved his practice back to Melbourne Street, where he has been long established. He believes in offering quality medical treatments through the delivery of thorough, personalised care. His values of reliability, trust, compassion, and professionalism have guided him through his career and supported the development of his reputation as a trusted family GP.
